

Giovani Caboto Bursary 2021-22 Recipients

Lily Digiacomo

My name is Lily Digiacomo, I'm currently a first-year commerce student at Carleton University. What lead me to apply for the Giovanni Caboto Award was my family's story and the importance of sharing how my family got to Canada. Family is everything to me and since I moved away from Magnetawan, Ontario I've had many chats with my family members threw the phone sharing all my new experiences in this great city. In my spare time, I enjoy creative activities and playing Hockey. The canal is one of the most beautiful places I've skated, it is one of my favorite memories from Ottawa. This award will help me fund the summer classes that I have chosen to take to get ahead and relieve heavy course loads in the upcoming years. Thank you to the National Congress of Italian Canadians for funding this award and for believing in my education.” - Lily Digiacomo
