

National Capital District

July 6, 2020

Dear friends and members of the National Congress of Italian Canadians (NCIC-NCD),

This is a very challenging time for all of us as we try to cope with the overwhelming uncertainty of the COVID -19 pandemic. For the protection and well being of family and friends of the NCIC and, in line with the rules and regulations established by the authorities that govern us, the NCIC Program of Events for the remaining months of 2020 will be deferred.

Accordingly, we would like to let you know that the Annual General Meeting and Elections, originally scheduled for the Fall of 2020, will be postponed until such time as all restrictions are lifted. Your memberships, which were set to expire shortly, will also be extended throughout the duration of this emergency period.

We understand the disappointment and impact of postponing these events, which provide our members with the opportunity to engage in interesting and informative exchanges.

We hope that sooner, rather than later, life will return to some form of normalcy, but until then it is important to protect others and ourselves by practicing proper social distancing and mandated measures.

Stay Safe!

Kind regards,

Trina Costantini-Powell

President, National Congress of Italian Canadians (NCD)
